

Peninsula Animal Aid Association Inc. is a registered charity based in Clontarf on the Redcliffe Peninsula (on the northside of Brisbane), it was established in 1971. The animal shelter is staffed entirely by volunteers.

Animals available for adoption:

SHILO is an 8 year old Cattle dog who loves to go for his daily walkies and would make an ideal companion.

Shilo is a lovely obedient boy but will need secure fences for his own safety.

LEXI is a female Torti Manx. She was returned to the shelter after being adopted over a year ago. Sadly, her owners did not want her at their new house.

She is a beautiful affectionate little girl - she pushes her way in for a cuddle and likes to curl up on your lap for a scratch behind her ears.

This is beautiful little **MUSHROOM** a 6 year old Dachshund X. He has been with older children, dogs and even a cat.

He needs to be allowed to come inside and be a loving member of the family. Mushroom is housetrained. This poor darling is very confused to why he is at a shelter. Can you help Mushroom find a loving home?

HONEY is a 10 year old Tabby/White male, he was left in council after hours cages. Honey came with a note that explained his elderly owner had gone into a nursing home and the family had abandoned him. This beautiful natured boy needs a loving family to take him home, so he can retire in the warmth and comfort of a loving kind family once and forever.
